LESSONIA

The cosmetic manufacturers can source at Lessonia a unique range of natural ingredients. This expertise is also the key to create and to manufacture exclusive retail and SPA products. In this field Lessonia is working as a private label manufacturer (OEM) and is thus a privileged partner for prestigious beauty brands. Our products range from basic facial skincare (cleansers, toners, serums, creams, scrubs, face masks) to body care (body scrubs, body massage honeys, body wraps, slimming/firming products, shower gels, bath crystals, etc).

http://www.lessonia.com/

PAYAN BERTRAND

Payan Bertrand is specialized in the production of natural aromatic ingredients (essential oils, absolutes and natural molecules) for the fragrance and flavor industry. Payan Bertrand also produces fragrance compounds for all types of final applications (Hair care, skin care, alcoholic, etc…)
